About the Institution

Anand Institute of Higher Technology was established in the year 2000 by "KALASALINGAM AND ANANDAM AMMAL CHARITIES" trust. This institution offers courses in seven branches of engineering streams at the undergraduate level, M.E and MBA in the post graduate level. This institution got accreditation from **NBA** for the branches **CSE, ECE, EEE, EIE and MECH**. Also it is an ISO 9001:2000 certified institution. Further this institution is collaborated with the "IEDC & MSME" integrated cells to outfit the students with the public environment. Our college has received funded projects worth Rs.2 crore from eminent government organizations and industries like DRDO,DST,MSME,AICTE etc. 90% of eligible students are recruited by various MNC's through campus placement.

About ISTE

The Indian Society for Technical Education (ISTE) is the leading National Professional non-profit making organization for the Technical Education System in our country and second largest Professional society next to IEEE in the world with the motto of Career Development of Teachers and Personality Development of Students. At present, ISTE has a very large and an effective membership base consisting of more than 1,02,985 Life Members, 5,54,094 Student Members, 2410 Institutional Members (including IITs, IISC., NITs and other leading technical institutions), 1214 Faculty Chapters and 1322 Students' Chapters and 17 Sections throughout the country. The major objective of the ISTE is to provide quality training programmers to teachers and administrators of technical institutions to update their knowledge and skills in their fields of activity and to assist and contribute in the production and development of high quality professional engineers.

ISTE TN & P section is a vibrant section among all 16 sections in India. It has strength of 37,365 life members with 1,65,256 students members.

About the convention

The 15th ISTE Annual Students Convention is a forum for the exchange of scientific and technical Innovative concepts and the role of students in shaping it towards excellence. The convention provides a conducive ambience for both academic and industry to discuss technical advancements and to propagate innovations towards further evolution. Also it facilitates academicians, industry experts and scholars to exchange their research ideas for collaborative work. The convention comprises several technical events for the engineering/polytechnics students and thus brings them together a common workspace to converse and encourage their expertise for knowledge enhancement and for activation to meet the global needs.
